## Summary

- 3 years of total Experience, with 2 years in Software Engineering with Flutter, Python, Firebase, and similar technology for cross Platform Web and Mobile Applications.
- MVC, Flutter, BLoC, and Serverpod are my Primary skills. Known for Agile Methodologies, Software Design, Software Development Life Cycle (SDLC), and Test Automation. Open to other technology as well.
- Adapted to time management and prioritizing tasks.
- Escalated the project growth by 20% within three months of start. Added instant value and got a few appreciated feedback too [TCS].
- Completed an Android and iOS application for the same project in 3 months, using Flutter and BLoC architecture [Gloify].

## Experience

### Senior Flutter Developer

Gloify

Sep 2023 - Present (4 months)

- Conceptualized Project Architecture
- Module based Development to support large scale project
- Go Router to support dynamic routing
- Kafka Integration(Producer and Consumer)
- Deep integration of BLoC

### Flutter Developer

Gloify

Sep 2022 - Sep 2023 (1 year 1 month)

- Maintained two individual Mobile Application Development, with Dart and Flutter-specific frameworks.
- Integrated new features based on BLoC modular structure
- Integrated similar features like Ola and Uber.
- Version control system - Git
- Android and iOS Development structures.

### Web Developer

Tata Consultancy Services

Feb 2022 - Sep 2022 (8 months)

Got involved in Front end Development using React js and Rest API. Learning new technologies to contribute to a scalable system. #Excited

### Software Engineer

Tata Consultancy Services

Sep 2021 - Sep 2022 (1 year 1 month)

As a Software Engineer, I contributed to the development of few monitoring tools to analyse real time data synchronisation along with its routing to authorised systems.

Simultaneously practicing services protocol to analyse their behaviour in terms of performance and resource allocation.

Looking forward to utilising and enhancing my technical skills to contribute to my professional growth.

## **Python Developer**

**Tata Consultancy Services**

Nov 2021 - Feb 2022 (4 months)

Data Modelling and manipulation. Training a machine learning model and storing predictions for UAT business models.

## **Education**

**M. S. RAMAIAH UNIVERSITY OF APPLIED SCIENCES**

**B. Tech, Computer Science**

Jun 2017 - Aug 2021

Spend most exciting learning experience. Learnt, Developed and contributed to multiple projects from end to end. Never faced arrear through out the period. Proud to be a part of it.

## **Licenses & Certifications**

**Problem Solving (Basic) Certificate - HackerRank**

B1A53948327B

**AWS Fundamentals - Specialization - Coursera**

MZ984HJ62R7D

**Crash Course on Python - Coursera**

Q69SM5YMVEYV

**Introduction to Git and GitHub - Coursera**

SNGZ6DYJP8HM

**Using Python to Interact with the Operating System - Coursera**

PDV653FWTMZN

**Troubleshooting and Debugging Techniques - Coursera**

S979FZZCL9V9

**Configuration Management and the Cloud - Coursera**

X9EDH3GAN4W2

**Social Media Advertising - Coursera**

ELEZHC3MCY4Y

### **Prioritizing Your Tasks - Dave Crenshaw - LinkedIn**

AXy9skzA9-MwQQit\_\_v\_Z6PFEIJ6

### **Python (Basic) Certificate - HackerRank**

A76C129A7888

### **T3 Machine First And Intelligent Business Processes - Tata Consultancy Services**

### **Agile Way of Working Foundation - Tata Consultancy Services**

## **Skills**

BLOC state Management - Flutter • Serverpod - Flutter Backend(Dart) • Cross-platform Development • Android Development • iOS Development • Operating Systems • Data Science • Git • REST APIs • Microsoft Visual Studio Code

## **Honors & Awards**

### **Learning Awards, Learning Achievement Award, Learning Achievement Awards**

- Tata Consultancy Services

Dec 2021

Shown best performance in Learning new skills to fulfill the project requirements. For same got appreciation note from Project Manager.

### **Appreciation Note - Tata Consultancy Services**

Feb 2022

We appreciate your efforts and commitment towards your work, you all have gone the extra mile in making sure you provided the required support to the project by working on varying technologies on rotational shift basis. You have always made sure we have service coverage even in case of any unplanned absence. We wish to have your continuous support and also expect you to work in parallel to enhance your technical competencies which will help you in taking more challenging roles in future.

- Project Manager

### **Appreciation Note - Tata Consultancy Services**

May 2022

Rajat has shown the proactiveness from BSL L1 team to meet and greet with TCS colleagues and management and he was the only one who represented the BSL L1 team during the event. Rajat has actively participated in the events organized by HR and showed enthusiasm to work from office whenever it is possible and showed positive approach towards organization's goal.

- Support Executive
